

## Bubblicious Smooth Protection Paste

100gm

**No synthetics**  
**No artificial preservatives**  
**No artificial fragrances**  
**No artificial colouring**  
**No silicone**  
**No fluffy flyaway**

### **What it is:**

*Bubblicious* is an eco-friendly shaping paste. Soft hold, natural shine, great texture. It is used to slick down flat the fluffiest fly-away frizz that lice love to use for transfer. Make braiding a breeze and section with ease when you paste it liberally into wet hair. Most importantly *Bubblicious* is completely water soluble and completely waterway friendly. It is enriched with naturally derived moisturisers and waxes that add strength and shine to young hair. It contains no artificial preservative, colouring, fragrance, resins or waxes and therefore it is readily bio-degradable and waterway friendly.

### **What it does:**

*Bubblicious* is rich in plant-derived moisturisers and waxes that naturally bind and sustain moisture, nourishing the hair as they create hold, texture and shine. *Bubblicious* is suitable for soft styling “wet looks” with light control. It is ideal for smoothing out all the little “fly-away” hairs which head lice use to transfer from one kid to another and ideal for wet braiding.

eco.kid's *Bubblicious* contains 3% pure essential oils. These plant essences contain natural phyto-chemicals which assist by:

- releasing pure fumes from the hair and scalp which smell nice to us but not nice for head lice; and

Soft shine, Gentle hold

Contains 3% pure Australian essential oils

>22% certified organic/pure plant essences

- controlling fly-away hair that head lice use to move from head to head.

Through these actions they act as a natural aid. As long as we can smell them in the hair they will aid in making hair unattractive to head lice.

### **How to use it:**

Apply a small amount to dry hands. Work over the hands first and then disperse evenly throughout the hair.

### **When to use it:**

It is suitable for everyday use on children over three years old. *Bubblicious* is designed to complement the everyday up-dos that we wear to school. It keeps all the fuzzies down that lice love to use for transfer and creates a soft smooth surface that can be combed and brushed to polished perfection. It's super in curly hair... wet and dry... so try it both ways, it's the best!

### **When not to use it:**

Do not use if there is a known sensitivity to any essential oils. A patch test should be carried out prior to use on sensitive or infant skin (*refer to the "Patch Test" section of this guide*).

### **Results:**

It provides sustained moisture, hold and shine... flexible and light styling.

**Is recommended for:**

- delicate and sensitive skin;
- soft hold styling;
- naturally curly, ultra fine textured hair;
- coarse, unruly hair;
- normal, oily or dry scalps;
- itchy or scaly scalps;
- dressing “fly away” hair;
- wet braiding;
- helping to make hair unattractive for head lice; and
- children over three years old.

**Features:**

- Contains 100% pure essential oils.
- Adds condition to fine, brittle hair.
- Nourishes hair as it styles.
- Assists in the prevention of dry hair and scalp.
- Artificial preservative, artificial fragrance and artificial colouring free.
- Plant derived, organically certified and/or wild harvested ingredients.
- Readily biodegradable.
- Natural plant moisturisers.
- Natural plant waxes.
- Waterway friendly.
- Natural solvent oils to assist in effortless rinsing.
- Smells nice to us but not nice for head lice.

**Key flower & plant ingredients:**

- Lemon-scented Myrtle, Lemon-scented Tea Tree, Aniseed Myrtle/Aniseed Oil, Citrus Peel Extract and our unique Melaleuca Tea Tree Blend, provide primary fragrant notes and help make hair unattractive for head lice. Further, this cocktail of plant essences assists as a natural preservative in this formulation.
- Australian Blue Cypress and Australian Sandalwood Oil act as Mother Nature's preservatives. These natural essences prevent the growth of bacteria and fungus.
- Jojoba Esters and Jojoba Wax serve as the styling bio-polymer in this formulation... they are exceptionally compatible with the skin and hair and are functional conditioning agents for the skin and cuticle layer of the hair.
- Vitamin E, a natural antioxidant derived from Seaweed.

**Ingredients:**

Jojoba Wax PEG-80, Jojoba Wax PEG-120, Cetyl-Stearyl Alcohol (Coconut)\*, Glycerin (and) Glyceryl Polyacrylate, Aqua (Spring Water)\*, Cetearyl Alcohol (Coconut)\*, Hydrogenated Castor Oil PEG-40, Meadowfoam Seed Oil (Limnanthes Alba Seed Oil), Shea Butter (Butyrospermum Parkii Butter Extract), “Botanical Complex” (Cocos Nucifera, d’Limonene, Melaleuca Quinquenervia, Leptospermum Petersonii, Backhousia Citriodora, Backhousia Anisata, Pimpinella Anisum, Eucalyptus Radiata, Mentha Piperita, Citrus Paradisi, Santalum Spicatum, Callitris Intratropica)\*, Lecithin (Egg Yolk) (and) Tocopherol (Vit E) (and) Ascorbyl Palmitate (Vit C) (and) Hydrogenated Palm Glycerides Citrate, Citral†, Geraniol†, Linalool†, Farnesol†, Citronellol†, Eugenol†, Nerolin†
