### **What it is:**

TLC is a gentle plant derived 'no tears' cleansing solution for the hair and body that has been formulated for hyper-sensitive skin. One of the key reasons that this product is so gentle on delicate skin is that it contains ingredients which match the oils and amino acids found naturally in the skin. It is ideally suited for all skin types and is particularly effective on cleansing and soothing irritated or dry skin types.

### **What it does:**

TLC gently cleanses the hair and body without damaging the sensitive balance of natural oils on the skin. In addition, it is loaded with hydrating moisturisers to deliver a lasting boost of moisture to dehydrated scalps and skin.

### **How to use it:**

As a shampoo... apply a small amount to wet hands. Work over the hands first and then disperse through the hair as evenly as possible and massage into a rich creamy lather. Rinse thoroughly with warm water. One application is generally enough to cleanse adequately.

As a body wash... apply a small amount to wet hands, sponge or flannel. Apply and massage gently across the skin. Rinse thoroughly with warm water.

### **When to use it:**

It is suitable for everyday use on children.

### **Results:**

It provides effective cleansing for frequent use and is exceptionally gentle on the hair and skin, resulting in tangle free combing and body for the hair and a soothing, anti-itch/anti-redness effect on the skin. Our no tears formula is as gentle on the eyes as it is on the skin.
